

## Product data sheet for uvex power protect V1000

### Manufacturer address

UVEX SAFETY Gloves GmbH & Co. KG  
Elso-Klöver-Str. 6  
D-21337 Lüneburg  
uvex-safety.de

The body is at the greatest risk of electric shock when working on electrical equipment. The uvex power protect V1000 protective glove offers safe protection against electrical voltages up to 1000 V. The natural latex is highly insulating and protects the wearer from electrical discharges through the body. The glove's flexibility offers pleasant wearer comfort and an excellent tactile feel.

### Features

- Ergonomic fit
- Good grip
- Extremely flexible
- Highly durable

### Suitability for industrial working environments

- Suitable for dry work environments
