Weight, net: 2513,28 g
Weight, gross: 2766,28 g
Certifications: Food contact materials
Product or test standards: EN 546

Directives, regulations and acts: 1935/2004/EU, 2023/2006/EC, 94/62/EC, BEK 681 25.05.2020

Product Description:

Abena's extra-strong aluminum foil is particularly suitable for food preparation, e.g. when roasting and grilling. It is also suitable for storing and freezing food and is impermeable to air, light, and grease as well as extremely resistant to cold and heat. This size of aluminum foil works perfectly in industrial kitchens and comes in a cut-box that acts as a dispenser.

Storage Instructions:

Store dry, clean and at room temperature.

Temperature Tolerance:

Temperatures ranging from -30 °C to +350 °C.

Safety Instructions and Warnings:

Aluminum should not be used on stainless steel bowls, for highly salty or acidic foods or for pure alcohol.

Product Disposal Instructions:

Dispose with household waste.

Packaging Disposal Instructions:

Dispose with household waste.
