

## dry-erase magnetic whiteboard

This classic whiteboard is a reliable tool for everyday use in offices, schools, or home environments. The writing surface is available in two variants: **lacquered steel or ceramic steel** – both magnetic and compatible with dry-erase markers. The ceramic version ensures exceptional durability and resistance to stains, scratches, and frequent cleaning.

The board is surrounded by an **anodized aluminum X7 frame**, designed for strength, stability, and modern aesthetics. Its gently rounded plastic corner caps not only enhance the design but also improve user safety during everyday use.

An **integrated 30 cm pen tray** offers convenient access to markers and erasers, while the versatile mounting system
